(*) Disclaimer: Optional bolts to be calculated by your RotaChock distributor

Configuration options:

- RotaChock Slim Line
- RotaChock Tall Line
- RotaChock Block Type

Materials:

- Carbon steel
- Alloy steel
- 316L Stainless steel

RotaChock ACE, Anti-Corrosion Enhanced

The ACE is a rugged solution for rust problems. We have implemented a new material process to our RotaChock products.

Type Approved Product

First Class Design

- Adjustment range
- Minimize installation time
- Simple re-adjustment
- Cost effective
- No soft foot
